From the Venerable the Archdeacon of Madras, To the Chief Commissioner of Mysore, dated Madras, 19th July 1880.

In reference to G. O. Will you be kind enough to give instructions that I may be furnished with a list?

Under instructions from Government I am preparing a revised list of cemeteries throughout the Presidency, and in writing to the Collectors of Districts to be furnished with a list of cemeteries under their charge, I have requested them to state not only the names of cemeteries, but whether not used or used, and the area of each, in 3 columns.

Name of Cemetery.	Used or not used, *i. e.*, closed.	Area.

I shall be much obliged if you will furnish me with returns in Mysore in the same form.

No. 3287-3297—G. 854, DATED BANGALORE, 4TH AUGUST 1880.

ORDER.—The Government of India having directed that cemeteries in Mysore situated at other than military stations should be placed under the control of the Chief Commissioner and brought under the operation of the rules published in Home Department Notification No. 421, dated 12th December 1877, the Chief Commissioner directs that those rules as subsequently amended, be published in the *Mysore Gazette* and be made applicable to cemeteries at civil stations in Mysore from the date of the Government letter printed above.

2. Deputy Commissioners of Districts are requested to send in lists of all cemeteries within their District in the form given in the letter from the Venerable the Archdeacon, and to add in a column of remarks what establishment, if any, is now maintained in each cemetery, by whom paid, and at what rate. The strength of establishment for the future is ruled by the area of the cemetery in accordance with Rule 2 of Resolution No. 6, dated 9th November 1876, but for the rates of pay to be sanctioned for "Mali Chaukidars" and coolies, Deputy Commissioners will make suggestions in accordance with the rates prevailing in the Districts for men of that class.

3. According to Rule I, Clauses 3 and 4 of Part I of the Rules published in the Notification No. 421 of 12th December 1877 in civil stations where there is no Chaplain or Church Committee the Deputy Commissioner is to nominate a subordinate officer to be in

charge of the cemetery. In sending up the lists of cemeteries therefore, Deputy Commissioners are requested to state the names of the officers so nominated by them.

4. Rule XII of Part I requires that a list of monuments of archæological or historical interest should be obtained, and as many of them as may be properly maintained at the public expense should be looked after by the Public Works Department; Deputy Commissioners will therefore furnish the Executive Engineer of the District with the lists of such monuments and that officer will obtain the orders of the Superintending Engineer on the subject.

5. All receipts on account of cemeteries are to be paid into the Treasury to the credit of the Imperial Department Public Works. The Deputy Accountant General will issue any instructions necessary for the proper crediting and accounting for these receipts with Her Majesty's Treasury at Bangalore.

6. In the matter of expenditure, it will be observed that the cost of the maintenance of the cemeteries will be borne by the Imperial Government. The District Magistrate and Chaplain together frame a budget providing for establishment and Church furniture, and other items are provided by a budget framed by the Executive Engineer and Chaplain jointly. The time for the preparation of these budgets for the current year has passed, but on receipt of the statements called for from the Deputy Commissioners a supplemental budget for establishment will be prepared in this Office, with proposition statements for the entertainment of the new establishment, and estimates for such repairs as are urgently required to be executed in the current year may be framed by the Executive Engineers and budgets prepared to meet the anticipated expenditure. On sanction being accorded to these suplemental budgets the Deputy Accountant General and Examiner, Public Works Accounts, respectively, will issue instructions to Deputy Commissioners and Executive Engineers as to the manner of drawing the money.
